In Spanish, *Eco* is short for “ecologia” and *Terreno* means “terrain” or “land.” Eco Terreno is the culmination of Mark Lyon’s efforts to make great wines reflecting our estate vineyard, while respecting the planet. Balancing biodynamic and organic farming of the vineyards with traditional and modern winemaking techniques, Eco Terreno’s wines exhibit incredible depth of flavor and singular elegance.

Founder and Winemaker, Mark, has enjoyed an extensive career cultivating great vineyards and crafting extraordinary wines. He has been awarded the most 90+ scores for his Sonoma County Cabernet Sauvignons than any other winemaker today. Eco Terreno Wines is his latest adventure in the pursuit of crafting small-lot, exceptional wines.

Club Members receive an extra discount on all wines and merchandise offered by Eco Terreno, plus invitations to exclusive parties and events throughout the year! Membership includes private offerings on limited-edition wines, reserve wines, and large bottle formats like magnums and bigger, plus an occasional gift or two. Members can schedule private tastings and vineyard tours (operations permitting), and enjoy complimentary tastings with one guest in our (future) tasting room.
